

You can send inquiries to sellers you find through browse or search. Use these steps:

1. Select the checkbox beside each product or supplier you are interested in
2. Click **SEND ENQUIRY** button.
3. Complete the inquiry form and submit.
4. If you check more than one product or supplier, your inquiries will be sent to these suppliers simultaneously.
5. Once you send out your inquiry, it will probably take sellers a few days to respond. Their replies will be sent to your **Message Center** in My Trademal.
